

As the newest member to the regional NHW group, we're taking it all in typical Salt fashion – ie relaxed. We kick off with 17 members, mostly from the northern section of the area, but are actively campaigning in the southern and creek side areas for new faces. We're entwined with the Salt Village Residents Association so share the same meetings, which are held in the Salt Bar every second month on the second Monday night at 7:15pm. The next meeting is on the 8th November. All are welcome. It is great to have a formal process of reporting in place for the silly season, which may have started early as we've had a bit of hooning in the wee hours of the morning!
