YOU WOULD THINK YOU HAVE MORE SENSE AT SIXTY FIVE

DID YOU KNOW THAT GRAFFITI IS A CRIME? Yes it is and the courts can hand out harsh punishment to people who carry out this crime. Recently our KINGSCLIFF POLICE STATION came under attack by a 65 year old male, who decided to decorate the exterior of the station, fortunately police were in the station at the time and heard noises and went out to investigate and caught the offender but in doing so a police officer was injured – you really have to wonder. Should you see fresh Graffiti you can take a photo and pass on to police, at times the tag will give police the clues as to who carried out the crime.

DO YOU CHECK –There have been men wondering around Noble Park offering services. Did you check to see if they had a licence to carry out the work? One called at my door offering to carry out maintenance when I enquired if he was licensed to carry out the work, his reply was NO. Be careful if your item still has manufacturer's warranty such as solar hot water services, this will cancel out if you do not use the supplier and installer for service. I DID CHECK.

NOTE – Crime has been well down in our area, what can we put in down too cold weather, or good police work, I think it could be the later.
