### **THEFT IN CARAVAN PARKING AREA**

Some time ago we had problems in the caravan parking area and warnings were issued regarding theft. Again recently I have received two complaints about the theft of reversing camera's from caravans parked in this location. These camera's are worth a lot of money to replace. I have been advised that once the cable is cut they are useless to anybody else. I was also advised that the police were not notified of these thefts. (This is bad news should police not be advised the culprits will never be caught), Many years ago the then committee suggested to management that security lights be installed to help dissuade theft from taking place, unfortunately this suggestion was not actioned. THE SUGGESTION NOW remove all outside valuables and lock away, what can't be removed chain down, it would also be a good idea to remove GPS systems as these seem to be attractive to thieves. Do not take the attitude that crime cannot take place in Noble Park as history has shown it can. (Local police DO receive a copy of this newsletter).

---

### **THEFT FROM A HOME IN NOBLE PARK**

I hope that this information is worrying enough for residents to hopefully accept that the crime of theft can and has happened in our park once again this time from a home. On this occasion \$650 was stolen, \$200 in a ladies black purse, \$50 from a wallet, and \$400 of RSL money. No break and enter was initiated it appears that the lady of the house was at her computer at the back of the house and her husband had popped out for a few minutes.

A few days later at around 3AM in the early hours a resident was awakened by a person in the home with the hall light on, the resident got out of bed the intruder had left but not before taking \$70 from the ladies handbag. ARE WE BEING WATCHED?. It has been noted by residents that after dark around 10:30 PM a person has been seen running in and out from car ports. Kingscliff police are now fully aware and recently I took these matters up with the Crime Prevention Officer. The problem has been duly noted. He did state Install Security Gates (What can one say so many of us wanted them).
