### **AT LAST**

As you all know the Noble Park NHW/Eyewatch team have been warning people about the crime of stealing in some residents homes and caravan parking area. Well at last some of our message maybe getting across, as I have had residents talk to me regarding the issue, and I note that a resident went to the trouble to offer some safety hints in the Noble Park Newsletter. I also noted some airing of the problem was made at the Residents Committee meeting recently. WELL DONE.

I would like to point out that this crime is the responsibility of everybody to help overcome the situation, bearing in mind the police cannot be sitting around Noble Park waiting for something to happen. But we all live here and your HELP is needed. Remember I have a close association with our local police and I can discuss our matters with them AS I HAVE DONE RECENTLY. And from my recent discussions with them it has been noted that only three out of seven incidents were reported to police. This does not sit well with police as residents need to REPORT all crime. The best contact is CRIME STOPPERS PHONE 1800 333 000 or in an emergency 000. And please advise me or one of our NHW/EYEWATCH COMMITTEE after FIRST REPORTING to police your problem. LATE NEWS – THIEVES TARGET CARAVANS at NOBLE PARK.

### **MORE SAFETY ITEMS FOR YOUR HOME**

There is a wealth of home security systems on the market these days and Dick Smith is the store who seems to carry a number of items. A resident came and spoke to me recently he had purchased SWANN ADVANCE DRIVEWAY ALERT, which incidentally can be used inside the house as long as you do not have pets, as the system works on motion, as soon as it detects motion a loud alarm will activate advising the house owner that somebody is in the home. Cost \$40 I believe it has been on special for \$29.95 inc batteries. There are many other devices to help secure your home for little cost.
