SCAMS

So much has been written about SCAMS that I wonder sometimes if people really understand how serious this subject is now days. Unfortunately it's the senior citizen that seems to be targeted, the reason for this is that the scammers see us as an easy target. I believe we have all had the odd phone call all trying to relieve us of our precious dollars. The message HANG UP. Watch out for the Lottery prize scam, or the inheritance scam, plus many others, including Department of Taxation, Fault on your computer, and so the list goes on. Make a point of checking out for more information on www.scamwatch.gov.au this will take up little of your time and keep your money where it belongs with you.
