SHORT MYSTERY STORY

I had a call recently from a concerned resident in regard to a lady who lives alone at Noble Park, It appears that the lady left a gardening glove on a small table in her car port. The mystery is how did this gardening glove get burnt, I was shown a picture on the concerned residents tablet so I know something has caused the mystery, is this a prank by some kid that wandered in of the street? Or something more sinister. At this point I do not see this as a major problem except for the lady who was quite upset. I would warn all residents NOT to keep any inflammable product in the car port that can be seen, better to be safe than sorry.

They are out and about again the TRAVELLING CONMAN so watch out. These cons have been reported in the Northern Rivers and Queensland and could easily decide to hit the Tweed watch out for any person who bangs on your door and offers you a deal that is hard to refuse, you will find that they will want money upfront and that will be the last you see of them. By what we hear they target the senior citizen, they are smooth talkers with an Irish accent. But whatever the nationality walk away do not get involved, these people are slick so watch out.

GOOD NEWS

Local plain clothes police targeted major stores at Tweed City and Bunnings recently and made a number of arrests, this is due to an increase in shoplifting in these areas. It does appear that the success of this operation was such that police will probably carry out this exercise again at some stage.
